Subject: ENERGY STAR Application for 179 Lincoln Street (ID: 3015112)

Dear Lauren Nappi:

Thank you for applying for the ENERGY STAR for 179 Lincoln Street (ID: 3015112). We have reviewed your application, and we wanted to follow up on the issue below:

Your application includes a space that has been benchmarked with more workers on main shift than computers:

- Office: (b) (4) workers, but only (b) (4) computers

This is unusual for an office space, as each worker typically has at least one computer. Please provide an explanation for why this space has more main shift workers than computers. Are multiple shifts of workers being included in this count?

Please respond to this email by May 1, 2016 if you would like this property to be considered for the ENERGY STAR.

Thank you and we look forward to your response,

ENERGY STAR Certification Review Team

Response from applicant 4/1/16

Hi all,

Thank-you for your question.

There are occupants with Tablets (iPads, Android etc) and there are some shared work stations. This accounts for the differential.

Thank-you.

Best wishes,

Steve Di Giacomo
